Profile

I'm Samran Asif, a dedicated and results-driven PHP and MERN Stack developer with over 5 years of hands-on experience in crafting robust and scalable web applications. I specialize in designing and developing both static and dynamic websites that are tailored to meet client needs and business objectives. My technical expertise spans a wide range of modern technologies, including PHP, Shopify, WordPress, Laravel, MongoDB, MySQL, GraphQL, Node.js, Express.js, and React.js. I am passionate about clean, efficient code and am committed to delivering high-quality solutions that offer great user experiences, strong performance, and long-term maintainability.

Experience

Full Stack Developer (Freelance)

2021 - Present | Upwork

- Provided web development services to a diverse range of clients, specializing in PHP, MERN stack, Shopify, WordPress, and custom CMS solutions.
- Successfully completed over 50 projects, including e-commerce sites, content management systems, and web applications, delivering on time and exceeding client expectations.
- Managed end-to-end project lifecycles, including client communication, requirement gathering, design, development, testing, and deployment.
- Built strong client relationships, resulting in repeat business and positive referrals.
- Continuously updated skills to stay current with industry trends, ensuring high-quality, scalable, and secure websites.
